Agenda no.22.02.03: To approve updated curriculum (UG and PG)

Proceeding:

Dr. Sulabhsinh shared the revised curriculum class wise [F.Y.B.Sc.MT, S.Y. B.Sc.MT (all branches), T.Y. B.Sc.M.T. (all braches), M.Sc. M.T.CLT (Part I & II), DMLT, M.Sc.RIMT, PG-DCD etc. and asked for the suggestions from all the members. He mentioned that objectives and learning outcomes were added for each program and subjects as per the UGC criteria and explained its importance in the NAAC accreditation process. The main purpose of including new topics is to ensure that students are kept abreast of the latest development in the relevant field.

Dr.Seema Baxi suggested to include Unit-12 in Biochemistry subject under “nice to know” topics instead of “must know” topics in DMLT syllabus. Dr. Sulabh and Dr. Sadhana suggested that it should be as it is as molecular techniques are important, especially after COVID and students must learn it in detail. She also suggested that more focus should be given on practical hours as these are practical based courses. She also advised to start new certificate courses of the duration of six months and M.Sc. courses with specialization, i.e. M.Sc. in Good Clinical Practices. Dr. Sulabh said that he would discuss the same with the Provost and then decide.

Dr. Hitesh and Dr. Seema suggested to include the reference books list at the end of each subject instead of at the end of course. Moreover, Dr. Seema also suggested that most commonly used books in particular subjects must be included in reference list and she suggested few of them.

Dr. Gurpreet suggested that syllabus of B.Sc.M.T. OTAT should be made more students centric and any extra or repetitive topics which are not actually needed should be removed. She also suggested to compare our syllabus with the other Universities/ Institutes running the same courses and should be revised accordingly. Dr. Alpa also suggested that the syllabus of pharmacology subject should be revised as it is in more depth which is not actually required for B.Sc. MT OTAT students.

Dr. Rushi Panchal and Dr. Sunil Karna were concerned about the question paper format. They told that it is very difficult to draw 80 marks question paper from the syllabus. Dr. Sulabh told that it is mandatory to draw the question paper of same marks as per University and UGC norms. So, question paper format cannot be changed.

Dr. Artee Tyagi discussed the importance of syllabus update and how it is align with credit hours and shared her experience how NAAC committee give importance to it during accreditation process.

All the members agreed for the same.

Resolution no. 21.02.03

- I) It is resolved that the list of reference books will be added at the end of each subject in each course and then submitted in to the academic council meeting
- II) It is resolved that respective class coordinator will meet the respective course coordinator for the revision in the syllabus and then submitted to academic council

Agenda no.22.02.04: To approve the panel of examiners for the following Ph.D. thesis evaluation and viva voce examination (for two Ph.D. Scholars)

First Thesis Title: Utility of Magnetic Resonance Diffusion Tensor Imaging and Fiber Tractography in the Human Brain and Cervical Spinal Cord

Second Thesis title: A study on human brucellosis in Gujarat

Proceeding:

Dr.Sulabhsinh shared the list of panel of examiners for Ph.D. thesis evaluation and viva voce examination to the members one by one for their kind suggestions and approval.

Resolution no 22.02.04

It is resolved that the list of panel of examiners for Ph.D. thesis evaluation be and is hereby approved.

Agenda no. 22.02.05: To approve the panel of examiners for PG Courses (Research Methodology) and UC courses

Proceeding:

Dr.Sulabhsinh shared the list of panel of examiners for UG courses and PG courses including research methodology subject one by one for approval.

Resolution no 22.02.05

It is resolved that the list of panel of examiners for UG and PG examination be and is hereby approved.

Agenda No: 22.02.06: Any other matter with the permission of the chair

Dr. Sulabhsinh asked Ms. Jigna whether PG diploma course in dietetics (PG-DCD) can be offered part time or not (as per suggestion of Dr. Swapnil in Institutional Heads Meeting). She told that it is very difficult to arrange sessions after working hours for part time course.

Dr. Seema Baxi appreciated the curriculum of BU and told that students must be taught basic terminology like normality, molarity and how to prepare reagents manually in the laboratory.

All the members took note of the same.

At the end, Dr. Sulabhsinh thanked all the members for their active participation and valuable suggestions. As there were no other items, the meeting was ended with vote of thanks.

Dr. Sulabhsinh Solanki
Chairman, BOS

Dr. Jyoti Tiwari
